

Looney Laundry

GAME

Rules and Directions

Mom and Dad will be home any moment from work and the house is a total disaster!

There are dirty clothes all over the house and you know they'll be mad. Pick up your dirty clothes before they get home and you won't get in trouble.

The Object:

Be the first person to discard all your laundry pieces into the laundry hamper by landing on the spaces which represents the different articles of clothing you have in your hand. After discarding all your pieces, you are the winner.

- 1** Place all of the laundry pieces into the laundry bag and shake them up. Each player chooses 5 pieces by sticking their hand in the bag without looking.
- 2** Look at your pieces and determine where the articles of laundry are located.
- 3** Place the colored pawns on the front door space which is where everyone starts.
- 4** Push down the bottom of the laundry hamper until it locks into place.
- 5** After choosing who rolls first, the players roll the die and move the appropriate amount of spaces in any direction without moving diagonally. If you want to move from room to room, you need to go through the doorways and the appropriate squares for the stairs etc. Players can not occupy the same space as another player.

Looney Laundry GAME

Rules and Directions (continued)

6

AFTER you move the amount of spaces on the die during your turn, push the laundry hamper's eye. If you land on the desired article of clothing you're trying to discard, place the piece in the laundry hamper **BEFORE** pushing the hamper's eye.

- If the laundry hamper tells you what a good job you're doing, it is the next player's turn. Any laundry pieces that have been discarded up to this point need to stay in the hamper.
- If the laundry hamper tells you to lose a turn, you lose a turn the next time it's your turn.
- If the laundry hamper burps and ejects the laundry pieces that are in it, you need to pick up all of the discarded laundry pieces from the hamper in which they now become part of your hand regardless if the actual pieces actually were ejected. When it's your turn next, continue trying to get rid of your laundry pieces, including the extra ones you have picked up.

7

After the laundry hamper burps and the pieces have been removed, push the bottom of the hamper down again so that it locks and will be ready to spring up at the next burp.

8

Whoever discards all of their pieces first, wins **AFTER** pushing the laundry hamper's eye one final time.
